

## FIELD TRIPS

The most important activity on the third day of TJ-SIF 2016 (23<sup>rd</sup> of December 23, 2016) were three field trips. The students and teachers were divided into three groups to go to different places where the companies are located.

One group went to TOYOTA Motor Thailand in Chachoengsao Province. The company motto is: “Driving into the future, fueled by the power of people and technology”.

Another group went to Mitsubishi Electric Consumer Products, in Amata Chonburi. This company operates on the idea of creating a better society by enhancing its technologies and services.

The other group went to HINO Motor Manufacturing, in Amata Chonburi. The HINO vision is based on its commitment to the social progress and prosperity of Thailand. In every field trip, the TJ-SIF participants had a tour around the plants observing the automation and manufacturing lines.

# Field trips presentations

We wanted everybody to receive the information and feedback of the field trips. Then, every group organized presentations that were conducted by the students who visited each company. It was interesting to see their impressions and reactions, going from a school environment to an industrial environment where the latest technologies are applied in the production lines. And all the participants could benefit from all the field trips, not only from the company they actually visited.

# Farewell dinner

Another very special time to be together –maybe for the last time- promoting the friendship of Thai and Japanese youth. Another plentiful and delicious dinner in a very friendly atmosphere outdoors, surrounded by the exuberant Thai vegetation. Conversations, music performed by Burapha University students' band and special dances and performances from Thai and Japanese students were some of the activities prepared. Dr. Supivol Sitichivapak, from King Mongkut's Institute of Technology Ladkrabang gave a touching "thank you" speech.

**GOOD BYE! THANK YOU VERY MUCH! BON VOYAGE!  
HAVE A NICE TRIP! WE WILL MISS YOU!**

What else can we say? Every nice event must have an end and the time to say goodbye has arrived.... We don't want to have a sad time.... We want to treasure all the experience, the good moments together, the friendship, the knowledge and everything we receive from TJ-SIF 2016. We want to give you a big **THANK YOU** with our best wishes for a good trip back home. It was so nice to have you here being part of TJ-SIF 2016.... See you soon and mark in your calendars December 2017 and look for Phitsanulok. There, at **PCSHS Phitsanulok** will be the TJ-SIF 2017. Don't miss it!
